

## CASTELLO DI ROSSINO

Plenty of castles have been turned into prestigious locations for events, but very few are as extraordinary for their history, position, atmosphere, charm and quality of service as the Rossino Castle. The Rossino Castle is one of the oldest historical mansions in Lombardy. Dating back to the period of the medieval city-republics (XII Century), it is one of the best kept castles of that age, in a perfect state of care and maintenance. Surrounded by the glorious natural landscape of Lake Como, perched on that shore of the lake stretching to the South celebrated by the poet Alessandro Manzoni, the castle is blessed by a particularly mild weather that makes for an all-year-round opening and allows the guests to enjoy the large garden from Spring to Autumn. Around the castle, a lush coastal vegetation interspersed with hydrangeas, rhododendrons, roses and various Mediterranean plants: a true microclimatic heaven for a mansion which is only a short distance from Milan (just 40 kilometres) and so easy to reach. The Rossino Castle is near Lecco and less than 30 kilometres from Bergamo and its airport.

Wedding ceremonies and receptions, repetitions of civil ceremonies, anniversary and graduation parties, cocktail parties, dinners and banquets, gala dinners, garden parties, musical and dancing evenings, shows and other types of private and customized events may be organized in the Rossino Castle.

On all occasions and for all needs, a superior quality banqueting and catering service, ensures in every occasion fully professional and customized solutions.
